4. Craig's Skoda	KR8826	18946		June 30, 2020		June 28, 2018	13056									
5. Ashley's Skoda	LCH051	1885		January 5, 2021		January 4, 2019	1895	Expired						April 30, 2018		April 21, 2018
6. Aaron's Jeep	H27170	49901		November 21, 2018		May 1, 2019	171					Expired		April 18, 2018		

Our compliance portal allows you to service, maintain and stay compliant on all aspects of any asset - from tyre rotations, lease renewal, insurance renewal, fuel card expiry, and create your own custom items to maintain and service to suit your individual assets.

Our NZTA sync makes staying compliant easy by automating your current manual processes, providing accurate information and removing admin and antiquated systems previously involved in ensuring your RUC/Registration/ WOF/COF/Service compliance is up-to-date.

Features

- Automated reports direct to your inbox.
- We sync with NZTA for accurate information.
- A one page view of all your maintenance and compliance issues.
- Add your own compliance options.
- Maintain your assets by distance, hours or date-based items.
- Easily search thousands of assets on one page. Find what you want quickly.
- Filter by individual assets or groups.

Benefits

- Keep your fleet legally compliant.
- Get notified on only the things that need attention.
- Ensure your assets are regularly maintained, avoiding unplanned repairs.
- Reduce nonchargeable administration time.
- Remove complicated systems normally associated with keeping your assets compliant.
- Reduce maintenance, infingements, administration and downtime costs.
- Modern sinterface and easy to use system.
- Improve the safety of your people and assets.
- Display the items you want to see, add and delete the aspects you need, and filter the items that need attention.
- Provide a login to your service providers to keep your information up to date.
- Customise the Argus Compliance portal to suit your needs.
