

The Health & Safety features that are included in our solutions.

One of Argus Tracking's core functions is to provide you with the tools and knowledge needed to mitigate any health and safety risks your team may encounter while offsite. These tools will not only assist with making your mobile workplace a safer environment, but they will also give you and your team peace of mind while they're out on the road.

Our Health & Safety features include:

PANIC BUTTON

ROLLOVER
